

Habitat for Humanity Women Build 2021

Women Build is a national Habitat for Humanity initiative to engage women in the effort to provide safe and decent homes for families in need of affordable housing. By recruiting, educating and inspiring women to build, they can transform lives in their communities.

First build day for the APC team is **Sat., Aug. 7, 7:15a-3:15p**. 10 (ten) women are wanted for the team. Contact Mary Beth Padgett to enroll (mpadgett2@gmail.com). There's a free pink tee shirt for each builder!

Tamieka is the Women Build 2021 homeowner. Her new home will be in the Willow Oaks neighborhood.

Tamieka has made goal-setting and stability a priority; and has shared this with her two children, who are learning from their mother's example. Her 16-year-old son, Christian, is most excited about how homeownership will impact the family's finances, and the money his mom will be able to save each month.

In addition to pursuing homeownership, Tamieka is completing a sociology degree with a minor in psychology, at Guilford College — all while working

full-time and monitoring remote learning for Christian and his 9-year-old brother, Cameron. Please email volunteers@hhgg.org or call Christine at 336.232.0134. with your questions about Women Build 2021.

Please contact Mary Beth Padgett (mpadgett2@gmail.com) with your questions about the APC team for Women Build 2021.
