

### Our Mission:

Benevolence Farm seeks to cultivate leadership, promote sustainable livelihoods, and reap structural change for individuals impacted by the criminal justice system in North Carolina.

### Our Vision:

To create a more equitable, just, and nurturing world for women and the communities they transform.

Our body care enterprise was launched in December, 2019. All of our products include at least one ingredient that was grown and harvested right on our farm. Each item is made with all-natural ingredients such as organic coconut oil, organic shea butter, beeswax, and therapeutic-grade essential oils. With guidance from the Farm Enterprise Manager, residents grow, harvest, and transform herbs and flowers into homeopathic solutions for skin and body care.

## The Greatest Worth: Make a Life You Love. Start with Your Money. <https://www.greatestworth.com>

In the past few months as we've navigated stewardship season, our church leadership heard folks asking to learn more about how to organize their finances — so that they might better reflect their faith and values, and empower themselves to live into a place of abundance and generosity.

In light of COVID-19 and the real financial anxiety many are experiencing right now, these requests seemed especially relevant.

APC is pleased to announce that, in collaboration with Nicole Rule of [The Greatest Worth](#) (think Dave Ramsey, but more accessible), we will offer a 6-week course in the new year to help folks better manage their financial lives as a part of their Christian faith.

To make sure we're meeting the needs of participants, we'd love to hear your feedback on the following questions:

- What kind of information would be most helpful to YOU on your current financial journey?
- What resources and tools would help you attain the financial freedom you long for?
- What scares or excites you about budgeting?
- Where do you feel confused when it comes to managing your assets?

If you have thoughts and ideas about any of these questions — or if you have other questions that we didn't think to ask — Pastor Jess would love to hear from you! Email her ([jess@alamancechurch.com](mailto:jess@alamancechurch.com)) with your responses ASAP, so that we can design a meaningful course that helps you get the answers you crave about what is too often a confusing, conflict-generating topic.

Jess looks forward to hearing from you, and growing alongside you in our understanding of faith and finance!
